COVID Update <i>(Silvernail)</i>	<ul style="list-style-type: none"> • 200 Vaccine doses/week at PCHD • Will vaccinate more as it becomes available, extending to essential workers as soon as they are able. • Special vaccine events are available via request for businesses, churches, etc. • COVID SMART (Stay home if you're sick, Stay home if you know you have been exposed, Wear your mask, Wash or sanitize hands, Wait six feet from others) • Last week over 13,000 considered "Recovered". Which is about 82% • This week the active cases are at 103/day, 7.8 cases per thousand, 15,480 cases to date, 71 cumulative deaths, and 9.6 % of tests returning positive (down from 13.6%) • Numbers seem to be trending down from across the state and nation • Flu is down for this year but COVID has followed that project pattern. Flu B may be seen in Spring and uptick in COVID cases. • Pitt 15th in sate for getting vaccine out with over 21,000 administered. Booster clinics coming up next week. Vaccine clinics in progress for EMS staff. And working with ECU to vaccinate residents and staff of group homes (40 facilities with appox 290 staff). 	Visit PCHD page for more information on Vaccine waitlist for those 65+

Jermaine McNair	<ul style="list-style-type: none"> • PPH and other organizations have participated in community events, growth, and strategies but there is another level to increase involvement and truly support community 	Visit NCCIVIL.org for more information

	<ul style="list-style-type: none"> ○ Level 1: Direct Service <ul style="list-style-type: none"> ▪ Include target population in management of resources in their community. Pay volunteers if possible because their time IS valuable. One of the greatest disadvantages of living in a marginalized community is that residents are often excluded from participating in events that determine their fate. ▪ Design service delivery in a way that prioritizes participation ○ Level 2: Volunteering (Outreach) <ul style="list-style-type: none"> ▪ Use events to build contact list and deepen connection with residents attending community events. Use that contact list to discover additional needs potentially causing a snowball effect that yields new partnerships, relationship and trust ○ Level 3: Advocating <ul style="list-style-type: none"> ▪ Instead of leveraging privilege, transfer it! Be a part of community meetings and organizations for long term development if social and economic institutions. Bring talent, resources, and trainings for management, etc. WITH you.
